

Vesta's Wire Scenes collection embraces the eclectic by uniting cast iron and steel wire. The result is a gallery of intriguing finial designs that is sure to stimulate the visual palette. Breaking the bonds of traditionalism, this collection embraces the arena of contemporary, or even futuristic settings. For added convenience, both finishes are stocked and available for quick shipping.

COLLECTION NOTES:

Vesta recommends additional brackets every 5-6 feet with this collection to properly support the weight of your treatment. For the purpose of quoting, we loosely figure 4 rings per foot - your drapery workroom can provide a more accurate quantity. The supplied rod splice can be used to achieve longer spans - the required center bracket will help conceal the resulting seam.

ABBREVIATION KEY:

D = diameter
H = height
L = length
P = projection
W = width
ID = inside diameter
OD = outside diameter
