ROSETTES

Please note - Rosette / Centerpiece prices do not include mounts. You must specify the style of Rosette / Centerpiece and the type of mount you plan to use i.e. post mount, wrap around arm, welded screw, etc... Mounting options are priced separately and are in addition to the price of the Rosettes and Centerpieces. When using a Rosette as a finial, please add the surcharge in addition to the Rosette price. Rosettes used as finials will have a collar welded to the back and will slide on to the rod. Please add the Rosette diameter to your rod length per side to allow for this. End caps are recommended to finish the rod ends. Pricing is listed by price group **A - K**
