

Vesta's Castilian collection features traditional solid brass decorative hardware in its finest form. Of particular interest are the clear glass/crystal finials, which may provide a brilliant touch of immediate visual interest. All items are in-stock for immediate shipping.

COLLECTION NOTES:

Vesta recommends additional brackets every 6-7 feet with this collection to properly support the weight of your treatment. For the purpose of quoting, we loosely figure 4 rings per foot - your drapery workroom can provide a more accurate quantity. Tube lengths exceeding 120" will incur significant additional freight charges.
