

highland timber collection

Newcastle

Stirling

COMPONENT SPOTLIGHT

Featured below is this collection's pole splice. To install, just find the center of the two poles you plan to join and screw them together until tight. The required center bracket for a longer span will help conceal the resulting seam produced by joining two poles.

part no. 909200

Vesta's Highland Timber collection features a gallery of masterfully carved finials and accessories. This line offers four diameter ranges from understated and simple to intrinsically elegant window décor. All components are made available unfinished and stain-grade so that they become the blank canvas for your own unique interpretations.

COLLECTION NOTES:

Vesta makes the following bracket recommendations:

- 1 $\frac{3}{8}$ "D - every 4-6 feet
- 1 $\frac{1}{2}$ "D - every 5-7 feet
- 2 $\frac{1}{4}$ "D - every 6-8 feet
- 2 $\frac{3}{4}$ "D - every 8-10 feet

For the purpose of quoting, we loosely figure 4 rings per foot - your drapery workroom can provide a more accurate quantity. Pole lengths exceeding 120" will incur significant additional freight charges. The collection's pole splice can be used to achieve longer spans - the required center bracket will help conceal the resulting seam.

ABBREVIATION KEY:

- D** = diameter
- H** = height
- L** = length
- P** = projection
- W** = width
- ID** = inside diameter
- OD** = outside diameter

AVAILABLE FINISH:

- UF** = unfinished

AVAILABILITY:

in-stock, typically ships within 24-48 hours
