

Vesta's Pinnacle collection features a popular range of wooden finials all carved and finished by some of Europe's finest craftsmen. Individual hardware components are either finished in stain or hand-painted to create a beautiful palette of color options. All hardware is stocked in our warehouse and available for quick delivery.

COLLECTION NOTES:

Vesta recommends additional brackets every 6-8 feet with this collection to properly support the weight of your treatment. For the purpose of quoting, we loosely figure 4 rings per foot - your drapery workroom can provide a more accurate quantity. Pole lengths exceeding 120" will incur significant additional freight charges. The collection's pole splice can be used to achieve longer spans - the required center bracket will help conceal the resulting seam.

COMPONENT SPOTLIGHT

Featured below is this collection's pole splice. To install, just find the center of the two poles you plan to join and screw them together until tight. The required center bracket for a longer span will help conceal the resulting seam produced by joining two poles.
