

Vesta's Wire Scapes collection features masterfully machined wire tensioning brackets in four contemporary finishes. Exclusively designed for lightweight, unlined treatments, this highly successful product line from Europe is perfectly at home in any modern setting.

COLLECTION NOTES:

Vesta recommends additional brackets every 4-5 feet with this collection to properly support the weight of your treatment. For the purpose of quoting, we loosely figure 4 rings per foot - your drapery workroom can provide a more accurate quantity. Wire Scapes brackets **MUST BE MOUNTED INTO WALL STUDS OR BLOCK TO ACHIEVE PROPER INSTALLATION.** The required wire tension to support fabric treatments without sag makes mounting with anchors into sheetrock ineffective.

ABBREVIATION KEY:

D = diameter
H = height
L = length
P = projection
W = width
ID = inside diameter
OD = outside diameter

AVAILABLE FINISHES:

BB = brushed brass
BN = brushed nickel
PB = polished brass
PC = polished chrome

AVAILABILITY:

special order 3-4 weeks, no returns

MATERIALS:

brass
