INSTALLATION

Request for Measure:

Please call/ fax/ mail a Purchase order with the Customers name/ Address/ Phone Number and a sketch or brief description of treatment/s to be measured. We try to make contact with your customer within (1) days and get them into the working schedule. If a designer from your firm would like to be present, *please advise* on days available.

Request for installation:

Hardcoverings that need installed may be shipped to Decsign Co, Inc *pre-paid* unless other arrangements have been made. Please make sure all shipments are tagged with a *customer sidemark*. The proper procedure for requesting an installation is the following:

- 1) Fax/ Mail/ E-Mail a *purchase order* with the customer phone/ address and a brief description of work to be performed.
- 2) Send a copy of the *Room locations* where the treatments are to be installed.
- 3) Once shipment arrives, you will be notified of an installation date.

Note: If a phone number or some means of contact is not provided for you or your customer, we cannot make contact which results in your shipment be pushed behind for scheduling. If room locations are omitted, *we cannot install* the job.

Per-foot billing:

All per foot billings are *rounded up* to the nearest Half/ Whole foot.

Many installations require additional work that is hard to define in a price list. Some complex treatments may take many additional hours to complete. If your job is unique in design or complexity, it may be best to call for a price quote. The best way to get a price quote is to fax a picture or line drawing of the specific treatment. We usually bill an hourly shop rate to complete the installation.

We also travel out of state for many installations!. Please call for rate schedules.
