HARDWARE FEATURES

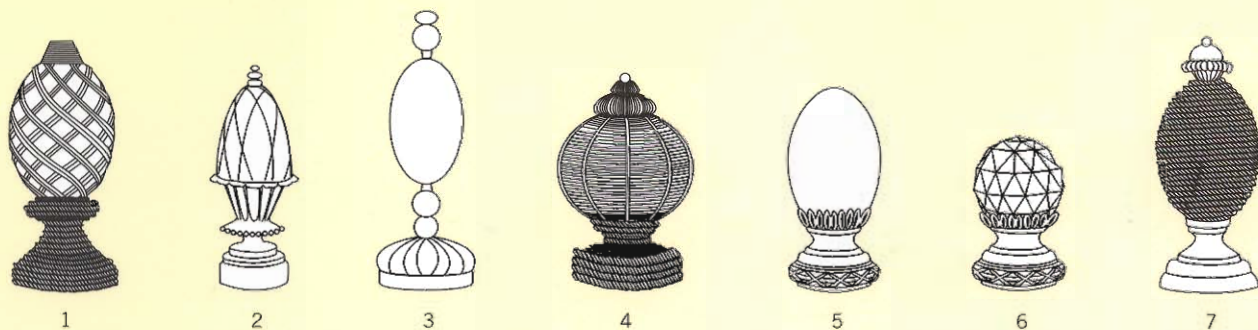

- ❑ six finial choices in two color options: burnished gold and burnished silver (Crystal and Marble Egg finials are only available in one color)
- ❑ all hardware is available in both finishes.
- ❑ two rod widths: 1.75" and 2.5" are available in 4' and 8' lengths
- ❑ a secondary rod is available for a double rod installation. Please order a connector when combining lengths.
- ❑ a center support is recommended on any rod lengths of 8' or greater.
- ❑ those finials made of translucent materials may appear slightly different in color based on the light source.

This collection is exclusive to Robert Allen.

- 16 Secondary rod (1" width; 4' and 8' lengths)
- 17 Connector (for 1" rod)

FURTHER INFORMATION

Adapters are packaged with all finials. They are for aesthetic reasons only and are not required for attachment. They may be preferred with some finials on the 1.75" rod.

All tiebacks, rods, rings, brackets and endcaps are available in both finishes: burnished gold and burnished silver.

The finials are composed of materials of a very decorative and delicate nature. To avoid breakage, all finials should be held by their base during the installation process, especially when attaching to rods. Please use a protective covering with the trim wrapped finials to avoid soiling.
